

CELEBRATE CHRISTMAS at ... LaValla

The annual **WORK CHRISTMAS PARTY** is looming and if you're in charge of organising it... or want to suggest a great place for the boss to take you... LaValla has the facilities to make it **GREAT** and the food to make it **EXCEPTIONAL!!**

Celebrate the team (and getting through a complicated year) by having some fun together with one of our activities! Or choose catering only packages and bring your own party vibe!

We have something to suit your needs (and make the boss happy).

We take care of the food, decorations, Christmas crackers and even throw in some lawn games for a dose of fun!

Meals are family style, enjoy breaking bread together...

ACTIVITY OPTIONS

Choose from the following...

Pocket Shot

A modern day take on archery and target shooting with hand-held slingshots and a variety of ammunition. The Pocket Shot is the evolution of the slingshot. Shoot paintballs at the wild boar boards, fire arrows at the targets and tin can stack and get points and prizes for your efforts. Our facilitator teaches the groups the importance of safety and proper shooting technique to ensure that the participants have fun but in a safe and controlled environment. Suits people of all ages and abilities. For groups over 20 pax we also include a Giant Garden Game or games such as Giant Kerplunk to ensure the enjoyment of your team at all times. The activity can be done on a casual, have a go basis or as a round robin competitive challenge.

Quizzi Do at LaValla

This awesome Amazing Race style Team Building activity combines lots of our fun activities into one multi activity challenge and was developed specifically for LaValla to embrace the fantastic setting and location. A custom explorer-quiz for your teams with instructions, quiz questions, tasks and challenges to be completed along the route around the estate. At each station there are: Quiz questions that need to be answered, Mini challenges that need to be completed (like in the amazing race), Instructions about what to do and where to go next. The game can be branded for your company and some questions within the game can be to do with your company too. Activities include a variety of our best challenges including Pocket Shot, Fling It Darling! Catapult, and much more. Suits people of all ages and abilities with active and passive roles for everyone to take part at their own level along the way.

The Mighty Planks Challenge

The ski plank challenge is a classic team building activity which has been around as long as team building itself. But we've supersized it and created a series of challenges all to do with planks. Each stage of the challenge gets you closer to the treasure island. And where there's treasure there's a winning team! The activities tap into different team and individual skills from leadership styles to logic and creativity. There's the Plank Skis Challenge (get your teams to race against each other moving along the field with all feet on the planks at all time). The Match Stick Challenge (a mind bending conundrum). Build the Da Vinci Bridge Challenge (build a self-supporting bridge using only planks, test it for strength and stability). The Planks Trivia Quiz, and Treasure Island Challenge where all team members have to cross the grid and land on treasure island without falling off into the lava field.

Fling It Darling!

Fling It is all about teamwork and connecting together to fling your ball with your towel (one team mate on each corner) across the net towards the opposition. Sounds simple but there's a lot to do in order to fling it successfully. You have to talk to each other, there has to be synchronicity and there must be a willingness to work as a unit. Heaps of fun with tons of laughter will follow helping people to let their guard down and be themselves within their team. We combine this great challenge with a veritable variety of things to fling, shoot and pull that allows your team to enjoy a relaxed fun time together out on the lawn and around the grounds. Let Me Out provides the equipment and the professional facilitation to guide your team through activities in a carnival atmosphere with fun stations. Activities include: The Super-sized noughts and crosses Race; No mistakes drill relay; Katapult challenge; The Golden Gumboot Challenge

Nostalgia Games

Let's go back to the school yard, where fun was fun and kids were kids and the simplest things could make us play until the cows came home. We've brought them all back - Bull Rush, Big Rope Skipping, Elastics, Jacob's Ladder and the supersized Giant Kerplunk. Nostalgia Games is a great for re-connecting pathways in the brain and can improve mood, increase social connectedness and enhance your sense of positive self regard. There are roles for active and passive participants in all of the games and team members are encouraged to take part at a level that suits them. The competitive element provides an opportunity for banter and good humour too. Our professional crew of facilitators will get everyone playing, laughing and joining in, whatever their age or ability. The games are brilliant outdoors on a sunny day. Or we can adapt them and do them all indoors. Nostalgia + Simple Fun + Pro Facilitation = Amazing! Just ask the groups who've already done it.

Activity: run by partner company; deposit required to secure activity; timing of activity subject to arrangement; duration between 1.5 and 2 hours. Minimum 20 guests apply. These activities not your gig?! Talk to us about alternative activity options (charges may vary).
